

Quassel IRC - Bug #106

Strip trailing and leading spaces from Hostnames

02/16/2008 05:19 PM - EgS

Status:	Closed	Start date:	
Priority:	High	Due date:	
Assignee:	Sputnick	% Done:	0%
Category:	Quassel GUI (Qt)	Estimated time:	0.00 hour
Target version:	0.2.0-alpha1	OS:	Any
Version:	0.13.1		
Description			
Trailing white space in the CoreConnectDialog results in a "Host not found" when trying to connect to a core. I guess the same applies for IRC Servers.			
Maybe apply a RegExp input filter that only allows valid hosts?

History

#1 - 02/19/2008 04:37 PM - Sputnick

We now simply trim the strings to get rid of surrounding whitespace.
