Quassel IRC - Bug #1064

Quassel2Go crashes when switching channels while a channel is scrolled

03/12/2011 12:16 AM - sgiessl

Status:	Resolved	**Start date:**	03/12/2011
Priority:	High	**Due date:**	
Assignee:	sgiessl	**% Done:**	0%
Category:	Quassel2Go	**Estimated time:**	0.00 hour
Target version:	0.8.0		
Version:	0.7-pre	**OS:**	Any

Description

Steps to reproduce:
- Connect Quassel2Go to the core
- In one buffer, load the backlog and start kinetic scrolling
- Switch to another buffer which does not contain any messages yet

Result:
- Quassel2Go crashes (in many cases)

History

#1 - 03/12/2011 03:39 PM - sgiessl

- Status changed from New to Resolved

fixed. crash is caused by flickable which has contentsHeight=height, possibly a bug in QML in Qt 4.7
