

Quassel IRC - Feature #1219

Set marker line automatically when application loses focus

05/04/2013 08:37 AM - InfernoZeus

Target version:	Some future release		
OS:	Any		
Description In a busy channel, I find myself having to manually set the markerline every time I switch to a different application. A setting to automatically do this would be great. To avoid potential conflicts with a manually set markerline (users will expect that to remain where it was set), perhaps there could be a different colored markerline for this feature.

Duplicated (and the other one is mentioned by the patch).

#3 - 12/23/2013 09:59 PM - Anonymous

- Status changed from Closed to Confirmed

Sorry, redmine bit me.
