

Quassel IRC - Feature #122

Request a context menu option on each appearance of a network name in the buffer overviews to join channels

02/27/2008 03:51 PM - ralf

Status:	Closed	Start date:	
Priority:	High	Due date:

OS:	Any		
Description			
To join channels after joining a new network the "All Networks" view needs to be open unless at least one channel join is in perform.			
To remedy this I request adding a context menu option on the network name that allows joining channels.			

History

#1 - 02/28/2008 06:33 PM - phon

now a "join channel" context menu item is available in networks in the bufferview
