

Quassel IRC - Bug #1318

Cannot use Quassel after upgrade to 0.11.0-2

10/16/2014 09:19 PM - vgezer

Status:	Resolved	Start date:	10/16/2014

Target version:		OS:	Linux
Version:	0.11-pre		
Description I am using Arch Linux 64bit. Today I upgraded quassel-client to (0.10.0-1 -> 0.11.0-2) and now when I open it, I am getting the dialog in the screenshot. Before, I had just the interface and was able to chat in freenode without any modifications. I even had some channels set up. Any idea how to solve this issue? Thanks,

Thanks,

The problem has been solved by installing monolithic package from Arch Repositories.

- Status changed from New to Resolved

Resolved at the user's request. (Almost 7 years later, sorry!)
