| <b>Description</b>                                                                                    |        |                        |            |
| Quassel client for GTK is perhaps desired. Qt look and feel does not match that of a GTK environment. |        |                        |            |
