Quassel IRC - Bug #1489

Unselecting "Show system tray icon" has no effect on Windows

08/06/2018 07:09 PM - Alturiak

Status:	New		**Start date:**	08/06/2018
Priority:	Low		**Due date:**

Target version:				
Version:	0.12.4		**OS:**	Windows

Description

I have been noticing this behaviour for a while now but it still seems present in 0.13-rc1. However, in earlier versions, the system tray icon would disappear until a client restart. In 0.13-rc1, it doesn't disappear at all.

Version: v0.13-rc1 (git-60dde7fa)
OS: Windows 10 1803

Steps to reproduce:
Unselect the checkbox Settings -> Interface -> Show system tray icon

Expected behaviour:
The system tray icon disappears

Actual behaviour:
The system tray icon remains unchanged
