

Quassel IRC - Feature #198

Please combine the 2 options for scrolling in the channel list

Description			
[19:36:47] <jussi01> hrm, is it possible/hard to implement a combination of the 2 scrolling options for the channel lists? ie scroll the list til the end, tehn start to move through channels? [19:38:29] <EgS> you mean: if a scrollbar is visible, use normal scrolling until one is at the top/bottom end of view and then start switching channels? [19:38:49] <jussi01> correct (I got lazy)
