Quassel IRC - Bug #254

Make Settings more efficient to instantiate

08/06/2008 03:33 PM - Sputnick

Status:	Resolved		**Start date:**	
Priority:	High		**Due date:**	
Assignee:	Sputnick		**% Done:**	0%

Target version:	0.3.0			
Version:	0.13.1		**OS:**	Any

Description

I think it would be a good idea to use a static QSettings object (well, probably one per client/core) rather than deriving from QSettings. We don't want to have a disk access for every instantiation.

Advantage over a solution that would just reduce instantiations would be that changes in the settings would be immediately reflected in methods accessing it.
