

Quassel IRC - Bug #293

Scrolling to top raises an assertion error

08/25/2008 04:25 PM - sph

Status:	Resolved	Start date:	
Priority:	High	Due date:	
Assignee:	Sputnick	% Done:	0%
Category:	Quassel Client	Estimated time:	0.00 hour
Target version:	0.3.0	OS:	Any
Version:	0.13.1		
Description <p>This happens in buffers when there is no extra backlog to retrieve anymore. In qtguimessageprocess.cpp, "messageProcessor()->process(msglist);" is called with msglist being an empty list. This seems to raise an assertion when taking the first element from the _currentBatch list in the ProcessNextMessage function.</p> <p>I included a small patch which checks the size of msglist before pushing it in the _processQueue.</p> <p>That aside, the quassel project looks awesome :)</p>

Thanks for reminding me, had it fixed already in a local branch and forgot to merge it in mainline :) Did that now.
