Quassel IRC - Bug #368

Unable to use backlog when hiding events

10/24/2008 02:37 PM - thomas

Status:	Resolved	**Start date:**	
Priority:	High	**Due date:**

Target version:	0.3.1		
Version:	0.13.1	**OS:**	Any

Description

The backlog acts pretty weird when you enable hide events.
(I think it's rather random but I've done some tests)

A few examples:
- hide part events: can't scroll up.
- hide join events: can't scroll up.
- hide quit events: can scroll up.
- hide mode events: can't scroll up.
- hide join + part: can scroll up.
- hide join + quit: can't scroll up.
- ...
(everybody knows there are 15 possible combinations.)

History

#1 - 10/28/2008 01:09 AM - EgS

Fixed in current git.
