

Quassel IRC - Feature #424

Add visual feedback on activity in buffer view titles

11/27/2008 09:52 PM - Alturiak

<b>Status:</b>	New	<b>Start date:</b>

<b>Target version:</b>			
<b>OS:</b>	Any		
<b>Description</b> When using tabbed buffer views, there is no visual feedback on activity in buffers in buffer views which are currently not visible. It might be a nice thing to have the titles of inactive buffer views reflect the highest activity level (action, message, highlight) of any of the visible buffers in this buffer view.
