

Quassel IRC - Bug #448

add a progress thing between request backlog and get backlog

12/20/2008 12:00 PM - ZRegis

Status:	Resolved	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	Quassel Client	Estimated time:	0.00 hour
Target version:		OS:	Any
Version:	0.3.1+		
<b>Description</b> on a 22b225b: There is no message between "request backlog from core " and "receive x backlog "  A progress message would be perfect or a . . . .. etc.  It is really sensible when you have weird connection.
