Quassel IRC - Bug #482

Rightclick in bufferlist is misbehaving

01/14/2009 01:21 AM - sph

Status:	Resolved		**Start date:**	01/14/2009
Priority:	Normal		**Due date:**	02/19/2009
Assignee:	Sputnick		**% Done:**	100%
Category:	Quassel Client		**Estimated time:**	0.00 hour
Target version:	0.4.0			
Version:	0.3.1+		**OS:**	Any

Description

- Rightclick on a nickname shows the menu you expect to see for an active channel.
- Clicking 'part' in the menu (both channel or nickname) will part the lastly selected channel instead of the current one.

However, after the parting, it starts working correctly again on the next rightclicks.

seems like some state in the action provider isn't properly reset
here's how to reproduce:
start a fresh client
select a channel
right klick on the chatview somehwere in the text
don't select anything
(aka: don't trigger an action in the menu)
from now on you have a false context menu in the nicklist

<EgS> anyone else can reproduce it with those steps?
<pixelma> yep, "worked" here (could reproduce)
<sph> EgS: yep, reproduceable
