Quassel IRC - Feature #532

CTCP VERSION reply should be configurable

02/09/2009 10:02 PM - Nightfall

Status:	New		**Start date:**	02/09/2009
Priority:	Normal		**Due date:**

Category:	General / Unspecified		**Estimated time:**	0.00 hour
Target version:				
OS:	Any			

Description

It would be nice if the CTCP VERSION reply could be configured like:
- Send/don't send reply
- Only send core version, also send client version(s)
- ...

Not sending a reply or sending some static string that doesn't contain the version might be desirable for security reasons for example.
