

Quassel IRC - Feature #585

Add different "profiles" to the chat monitor

03/01/2009 12:21 AM - sph

Status:	New	Start date:	03/01/2009

OS:	Any		
Description			
Right now, you can set the chat monitor to filter messages on certain buffers. But depending on what I'm doing (work, project...), I'd like to set a different filter. At the moment this is not possible without reconfiguring the current filter (and dragging around some channels).
