Quassel IRC - Feature #604

Help orientation in nicklist

03/07/2009 04:50 PM - DevUrandom

Status:	New	**Start date:**	03/07/2009
Priority:	Normal	**Due date:**

Category:		**Estimated time:**	0.00 hour
Target version:			
OS:	Any		

Description

Nicklists can grow quite large and thus can become more difficult to scan with the eye.

Konversation seems to use a alternating-blueish-and-white-background to aid here.

A experiment could be using the auto-colours of the bufferview also in the nicklist. Maybe it gets too colourful, but maybe it helps with orientation/search.
