Description

When doing an op with
/op wurst kuchen
everything works like a charm:

[17:22:07] *** Mode #quassel +oo wurst kuchen by EgS

When doing the same stuff by using the context menu, it separates:

[17:22:07] **Mode #quassel +o wurst by EgS**
[17:22:08] * Mode #quassel +o kuchen by EgS

Comments:
-*- Sput thinks that could be an easy fix in NetworkModelController

Please note that afaik there's a limit for grouping actions on most networks, usually 3 on ircnet.

Also using the /op command has a bug, which is possibly connected to this issue.
I performed:
/op Chain-OFF dang``rus ddeml fashion_ giZMo^fr GyrosGeier Janusch Janusch_1way

The result:

- Mode #bporga +ooo Chain-OFF dang``rus ddeml by verschdl

The other ppl were ommited.
