Category:	Build System	Estimated time:	0.00 hour
Target version:			
OS:	Linux		
Description			
Hi,			
can we please extend the cmake files to have additonal target.			
I'd like to see following targets:			
quasselclient-kde			
quasselclient-qt			
quassel-kde			
quassel-qt			
In case you like to see this feature - i can take care ...			
CU Tom
