

Quassel IRC - Bug #738

identify on nickchange

07/09/2009 04:58 PM - pennywise

Status:	New	Start date:	07/09/2009
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		OS:	Any
Version:	0.5-pre		
Description if you change your nick to some unregistered nick and then back to your own registered one the servers asks again for my identity. Even if I have filled out that "auto-register"-dialog in the settings of the network this is only working when I (re-)connect to the server. On a nickchange this setting is not used.
