<b>Description</b>			
Hello,			
Today i have try to delete a server name in my list but was impossible to synchronize. After that i have try to close Quassel but i wasn't able to do it. After that i have kill the process and become the crash report.			
i run kubuntu karmic 9.10 on x86 64			
Best regards

Hello Johu,

Well, i was able to delete the server name but still impossible to delete a identity, the button still in Grey .

But it haven't crashed like early.

So i don't know if i must open a new bug report for the identity and close this one since it haven't crashed.

Best Regards

John
