

Quassel IRC - Bug #927

quassel "forgets" changed shortcuts on restart

03/03/2010 10:34 PM - nirik

Version:	0.6-pre		
Description			
<p>I set my "jump to hot chat" keyboard shortcut to 'control-`' as thats what I am used to from another client.</p> <p>This works fine, except I have to set it every time I restart quassel. It seems to forget the value.</p> <p>It would be nice to save this setting so it doesn't need to be changed each restart.</p>
