

Quassel IRC - Bug #987

Blank?

06/09/2010 10:43 PM - MJ94

Status:	Closed	Start date:	06/09/2010

Version:	0.4.3		
Description			
My core is connected and working as MJ94 on freenode and various nicks on various networks. I went into my Mac client of Quassel, and it's totally blank. See: http://tinypic.com/view.php?pic=15hcvx0&s=6 - even though nicklist and chatlist and chat messages should be showing, and I'm connected. Everything's blank.
